MADRAS MEDICAL COLLEGE.

M.B. & B.S. AND L.M. & S. CLASSES

Candidates intending to commence Medical studies at the Madras Medical College on or after 1st July 1915, are informed that in the selection of candidates from that date preference will be given to those who have passed the Intermediate Examination of an Indian University in Group II or I with a Classical or Classical Oriental language or any one of the preliminary examinations recognised by the General Medical Council of Great Britain. In the case of Graduates in Arts a pass in Classical language will not be required.

As the Regulations of the Madras University accept, at present, an unconditional pass in the Intermediate Examination in Arts as sufficient qualification for the commencement of Medical studies, those who have not passed in a Classical language may, however, be admitted if there are vacancies, but such candidates will be seriously handicapped should they wish to proceed to Europe for further study, and their Degrees will not be registered in outside India.

In any case candidates, who have passed the Intermediate Examination in Group II or I will always have preference over other applicants.
